

Lord of the Flies

Research Project

DUE: _____

"We've got to have rules and obey them. After all we're not savages. We're English, and the English are best at everything" (Golding 42).

In Lord of the Flies, the boys have to figure out their own social order (rules and leadership) because there are no adults. Just like in schools today, the boys on the island face bullying and peer pressure while they try to create a society.

GOAL: We are going to research bullying and peer pressure so that we can better understand what the boys on the island are going through.
